## EU Emission Trading System Surcharge (EU ETS)

Dear valued customer,

In the light of recently released key information on the EU ETS agreement following with the requirements for shipping lines to report their emissions and purchase an equivalent amount of allowances on the EU ETS market starting January 1<sup>st</sup>, 2024, we will be introducing a surcharge to cover the expense of compliance.

All trades inbound and outbound:

EU ETS Surcharge: USD/EUR 2,00 w/m

EU ETS is collected with the Oceanfreight and other surcharges (as applicable), currency aligned. Effective date: 01.01.2024.

For further information please kindly contact your local SACO Shipping Team.
